PROFESSIONAL SUMMARY

Analyst with a degree in Data Science and AI from PUC-SP and three years of experience at Flywheel Digital (Omnicom Group) in digital retail (Amazon, Mercado Livre). Skilled at managing broad portfolios, taking part in renewal cycles, and presenting results to clients in Portuguese and Spanish. I combine analytical fluency (Python, BI, Excel) with hands-on experience in team training and operational workflow design. **I am seeking a Customer Success role with an analytical edge**, pairing close client relationships with data interpretation to support growth, retention, and account-expansion decisions.

PROFESSIONAL EXPERIENCE

Flywheel Digital · Omnicom Group

Jan 2025 - Mar 2026 · São Paulo, BR

Retail Operations Analyst

- Managed a portfolio of international clients (Mexico) focused on Amazon and Mercado Livre, monitoring 500+ active SKUs.
- Took part in monthly closing meetings and contract-renewal cycles, presenting results to clients in Portuguese and providing analytical support in presentations conducted in Spanish.
- Designed and implemented a promotional-event tracking workflow (planning, execution, and post-event analysis), adopted as the operation's standard.
- Onboarded and trained new team members on internal tools, operational processes, and the key digital-retail KPIs.

Aug 2023 - Jan 2025 · São Paulo, BR

Data Insights & Customer Growth Intern

- Worked simultaneously across 12+ portfolio clients, covering multiple digital retailers according to each account's demand.
- Processed and analyzed raw marketplace data (sales, share, competitive pricing, digital-shelf execution) and turned it into commercial recommendations for clients.
- Provided analytical support in closing presentations and took part in bilingual QBRs (PT/ES), preparing analyses for executive client meetings.
- Promoted internally after 17 months, taking on my own portfolio as a Retail Operations Analyst.

Customer Service, Operations & Business Development

CRM & Business Development · Mar 2022 - Oct 2022

- Marketing initiatives, relationship management with recurring clients, and support in structuring commercial processes.

Financial Management · Jan 2020 - Dec 2021

- Owned the P&L (income statement), bank reconciliation, accounts payable and receivable, cash flow, and the business's operational financial indicators.

Customer Service & Operations · Jun 2018 - Jan 2020

- Customer service and experience in a high-volume operational environment (events and points of sale).
