

DANIEL ARA DAMASCENO

Data & Customer Success · BI Analyst

+55 11 93774-7540 · dddamasceno2017@gmail.com · [linkedin.com/in/danielaradamasceno](https://www.linkedin.com/in/danielaradamasceno) · São Paulo, Brazil

PROFESSIONAL SUMMARY

Analyst with a degree in Data Science and AI from PUC-SP and nearly three years of experience at Flywheel Digital (Omnicom Group) in digital retail (Amazon, Mercado Livre). Skilled at managing broad portfolios, taking part in renewal cycles, and presenting results to clients in Portuguese, English, and Spanish. I combine analytical fluency (Python, BI, Excel) with hands-on experience in team training and operational workflow design. **I am seeking a role with an analytical and strategic edge**, pairing close client relationships with data interpretation to support growth, retention, and account-expansion decisions.

PROFESSIONAL EXPERIENCE

Flywheel Digital · Omnicom Group

Jan 2025 - Mar 2026 · São Paulo, BR

Retail Operations Analyst

- Managed a portfolio of international clients (Mexico) focused on Amazon and Mercado Livre, monitoring 600+ active SKUs.
- Took part in monthly closing meetings and contract-renewal cycles, preparing results presentations for clients and providing analytical support in presentations conducted in Spanish.
- Designed and implemented a promotional-event tracking workflow (planning, execution, and post-event analysis, with daily reports sent to the client and a closing wrap-up), adopted as the operation's standard.
- Supported new team members on my own initiative, sharing internal tools, best practices, my ways of working, and how to read the key digital-retail KPIs.

Flywheel Digital · Omnicom Group

Aug 2023 - Jan 2025 · São Paulo, BR

Data Insights & Customer Growth Intern

- Worked simultaneously across 12+ portfolio clients, covering multiple digital retailers according to each account's demand.
- Processed and analyzed raw marketplace data (sales, share, competitive pricing, digital-shelf execution) and turned it into commercial recommendations for clients.
- Handled clients directly via meetings and email to resolve SaaS issues, routing each case to the technical team through service-management tools (Jira, Monday).
- Promoted internally after 17 months, taking on my own portfolio as a Retail Operations Analyst.

Frutifica · @frutificaoficial

Jun 2018 - Oct 2022 · São Paulo, BR

Customer Service, Operations & Business Development

CRM & Business Development · Mar 2022 - Oct 2022

- Designed marketing flowcharts, managed relationships with recurring clients, and supported the structuring of commercial and customer-service processes.

Financial Management · Jan 2020 - Dec 2021

- Directly supported the P&L (income statement), bank reconciliation, accounts payable and receivable, cash flow, and the business's operational financial indicators.

Customer Service & Operations · Jun 2018 - Jan 2020

- Customer service and experience in a high-volume operational environment (events and points of sale).
